Services available include:

**Medical Nutrition Counseling by a Registered Dietitian**
- A Registered Dietitian can assess your nutritional status if you have an illness, diet-related condition, injury, interest in benefiting your own health, and/or reducing health-care costs
- Appointments are available and are $25 per quarter hour
- The Initial Assessment and Consultation is typically 60-90 minutes, and includes initial assessment of anthropometrics, weight and diet history, meal patterns, goal setting, and nutrition instruction

**Breastfeeding Consultation**
- Our lactation specialist can assist you in successful breastfeeding practices

**Diet Analysis**
- A Registered Dietitian can provide you with information on the nutritional value of foods, including the exact calorie and fat count to the vitamin and mineral content of your favorite food or recipes
- This analysis is available by appointment and is $25 per recipe

**Body Composition Assessment and Consultation**
- The “Gold Standard” in its field, the Bod Pod is only available in a few Mississippi locations
- The Bod Pod is available at the UM Nutrition Clinic by appointment and is $50.00 per visit
