MASTER'S ADVISORY COMMITTEE

The advisory committee is composed of 3 NHM graduate faculty who assist the student in developing and completing their professional project or thesis.

Initially, the department will assign the HM-MPD as the students’ Academic Advisor and primary point of contact. Once the student develops specific educational goals and identifies a graduate faculty member in the department to serve as their Academic Advisor, the advisor and the student will work together to form the student’s Master’s Advisory Committee. Under normal circumstances, the student’s Academic Advisor will serve as Chair of the Master's Advisory Committee. A formal request to form the committee must be filed electronically before the Plan of Study form is submitted to the department. The Program of Study form with approval signatures must be filed before enrolling in the professional project or thesis courses.

(See Graduate School Forms and Manuals Library for the GS2 – Graduate Advisory Committee Requests).
